Product Description

UNIDEN UBCD3600XLT DIGITAL SCANNER RECEIVER 25-1300MHZ

UNIDEN UBCD3600XLT DIGITAL SCANNER RECEIVER 25-1300MHZ

The Uniden UBCD3600XLT is a new digital TruckTracker V Professional Scanner Receiver, covers 25 - 1300MHz wideband frequencies. The TruckTracker V operation allows this scanner to scan APCO 25 Phase 1 and Phase 2, DMR, Motorola, EDACS, LTR Tracked Systems as well as conventional analog and P25 digital channels.

Packed full of features such as close call RF capture, 4GB memory, location based scanning, range control, multi-site trunking, audio recording and multi-colour LED alert, this scanner is a must have equipment for all the Professional users out there!
